

SAVED BY BRAVE SOLDIERS.

Engineer and Mrs. Miller Broke Through Thin Ice. They Were Returning to Liberty Island from Jersey City.

Capt. A. M. Wetherill, of Company A, Sixth United States Infantry, stationed on Liberty Island, is today speaking loud praises of Lieut. Frank Webster and several private soldiers, of his command, for their heroic rescue of Engineer Charles Miller and his wife from a watery grave yesterday.

Miller is the engineer of the light-house plant and lives with his wife on the island. The recent continued cold weather has made skating on the bay, which is frozen all the way over to the Jersey shore, although in places the ice is very weak.

Yesterday afternoon Miller and his wife walked over on the ice to the mainland, nearly three miles away. As they were returning, about 5 o'clock, when within half a mile of the island, Mrs. Miller broke through a weak spot in the ice.

Her husband, who was walking a little ahead of her, ran to her assistance, when he broke through the ice and plunged into the water with his wife.

Meanwhile, Lieut. Webster, who was skating near the island shore, heard their cries and swam over to the rescue. He managed to get his coat off and was helping his wife to cling to the edge of the ice.

Webster seized one end of Miller's coat and hung on for dear life, while Miller and his wife hung to the other end of it.

The soldiers on the island were at supper when they heard Webster's shouts. Rushing out of the barracks they saw him speedily towards the endangered couple, and Private Edwin Hutchins, Eugene Smith, Harry, Fred and Eugene, who joined in the work of rescue.

Private Quincy threw a rope, which Miller caught with his teeth, not daring to trust his benumbed hands to hold it. The ice bent under the weight of the rope, and Webster but worked like a hero, seemingly unconscious of his own danger.

Mrs. Miller was carried out of the water first and then her husband was rescued. Both were almost exhausted, but soon recovered after receiving treatment on the island.

Lieut. Webster was wet to the skin and nearly frozen in his efforts to save the Miller family. The soldiers are gratefully acknowledging his brave soldier's deed.

CLEVELAND GOES TO OHIO.

He Will Attend Ex-President Hayes's Funeral To-Morrow.

LAKEWOOD, N. J., Jan. 19.—Mr. Cleveland was a passenger on the train leaving here at 7 o'clock this morning for New York, to attend the funeral of ex-President Rutherford B. Hayes.

Mr. Cleveland arose about 5 o'clock, and after a hasty breakfast arranged some of his business that he intended to look after today and to-morrow.

Mr. Cleveland will not return until Sunday night or early Monday morning.

The President-elect arrived in this city at 10 o'clock, and was met by the New York street car by Private Secretary O'Brien, and the two walked up to the Cortlandt street station of the Erie Railroad, where they boarded a train on their way to the Grand Central Depot. Mr. Cleveland had a small entourage, consisting of his second son, Mr. Francis, and a few friends.

Mr. Yager, of the Wagner Palace Car company, received Mr. Cleveland when he entered the Wagner Palace car, and he was accompanied by a crowd of curious people. Police Capt. Bergold and three policemen were stationed in the Wagner Palace car, and Mr. Cleveland was escorted to the second car, where he was seated.

Private Secretary O'Brien telegraphed to Mr. Wagner to have the Wagner Palace car to the Grand Central Depot, and Mr. Cleveland was escorted to the second car, where he was seated.

ENGINEER AND MRS. MILLER BROKE THROUGH THIN ICE.

They Were Returning to Liberty Island from Jersey City.

Capt. A. M. Wetherill, of Company A, Sixth United States Infantry, stationed on Liberty Island, is today speaking loud praises of Lieut. Frank Webster and several private soldiers, of his command, for their heroic rescue of Engineer Charles Miller and his wife from a watery grave yesterday.

Miller is the engineer of the light-house plant and lives with his wife on the island. The recent continued cold weather has made skating on the bay, which is frozen all the way over to the Jersey shore, although in places the ice is very weak.

Yesterday afternoon Miller and his wife walked over on the ice to the mainland, nearly three miles away. As they were returning, about 5 o'clock, when within half a mile of the island, Mrs. Miller broke through a weak spot in the ice.

Her husband, who was walking a little ahead of her, ran to her assistance, when he broke through the ice and plunged into the water with his wife.

Meanwhile, Lieut. Webster, who was skating near the island shore, heard their cries and swam over to the rescue. He managed to get his coat off and was helping his wife to cling to the edge of the ice.

Webster seized one end of Miller's coat and hung on for dear life, while Miller and his wife hung to the other end of it.

The soldiers on the island were at supper when they heard Webster's shouts. Rushing out of the barracks they saw him speedily towards the endangered couple, and Private Edwin Hutchins, Eugene Smith, Harry, Fred and Eugene, who joined in the work of rescue.

Private Quincy threw a rope, which Miller caught with his teeth, not daring to trust his benumbed hands to hold it. The ice bent under the weight of the rope, and Webster but worked like a hero, seemingly unconscious of his own danger.

Mrs. Miller was carried out of the water first and then her husband was rescued. Both were almost exhausted, but soon recovered after receiving treatment on the island.

Lieut. Webster was wet to the skin and nearly frozen in his efforts to save the Miller family. The soldiers are gratefully acknowledging his brave soldier's deed.

CLEVELAND GOES TO OHIO.

He Will Attend Ex-President Hayes's Funeral To-Morrow.

LAKEWOOD, N. J., Jan. 19.—Mr. Cleveland was a passenger on the train leaving here at 7 o'clock this morning for New York, to attend the funeral of ex-President Rutherford B. Hayes.

Mr. Cleveland arose about 5 o'clock, and after a hasty breakfast arranged some of his business that he intended to look after today and to-morrow.

Mr. Cleveland will not return until Sunday night or early Monday morning.

The President-elect arrived in this city at 10 o'clock, and was met by the New York street car by Private Secretary O'Brien, and the two walked up to the Cortlandt street station of the Erie Railroad, where they boarded a train on their way to the Grand Central Depot. Mr. Cleveland had a small entourage, consisting of his second son, Mr. Francis, and a few friends.

Mr. Yager, of the Wagner Palace Car company, received Mr. Cleveland when he entered the Wagner Palace car, and he was accompanied by a crowd of curious people. Police Capt. Bergold and three policemen were stationed in the Wagner Palace car, and Mr. Cleveland was escorted to the second car, where he was seated.

Private Secretary O'Brien telegraphed to Mr. Wagner to have the Wagner Palace car to the Grand Central Depot, and Mr. Cleveland was escorted to the second car, where he was seated.
